

OPERATIONS MANAGER LEVEL 5

Gain the Expertise to Become an Operations Leader

Designed for middle managers and those aiming for senior leadership roles, this qualification builds strong leadership and management skills. Learners will explore leadership styles, team development, performance management, and effective communication to lead with confidence.

The programme also covers operational management models, business development tools, and approaches to continuous improvement. Participants will learn how to lead change, manage projects, and strengthen financial understanding.

By the end of the course, learners will be equipped to shape new business opportunities, set clear KPIs, and monitor performance effectively to drive success.

We launch new apprenticeship cohorts every quarter, providing regular opportunities for enrolment and progression – contact us at training@clearquality.co.uk or call 01709 918501.
