

SAFETY, HEALTH & ENVIRONMENT TECHNICIAN LEVEL 3

Your Path to Safeguarding Your Workplace

SHE Technicians support organisations in meeting legal and company requirements relating to health, safety, and the environment. They help implement safe systems of work, deliver training, investigate incidents, and analyse data to inform improvements. This role encourages a proactive safety culture, helping to reduce risks and support sustainable practices. The apprenticeship maps directly to the delivery of ISO 45001 and ISO 14001 standards, making it ideal for those involved in operational safety, compliance, and environmental management.

We launch new apprenticeship cohorts every quarter, providing regular opportunities for enrolment and progression – contact us at training@clearquality.co.uk or call 01709 918501.
